

# Applying to ExxonMobil Online

## “University Recruiting”

---

**If you are a new or recent graduate, or a university student seeking a student placement assignment (internship or co-op)...**

1. Go to [www.exxonmobil.com](http://www.exxonmobil.com).
2. Click through: "careers"; "browse careers worldwide"; "United States of America"; "University Recruiting"; "Bachelor & Master Degrees"; "Click to Apply"; and "Search Openings".
3. Select the "Job Category/Work Interest" that best fits your background, and then click on the search button.
4. This will yield a list of "Campus Folders" to choose from (if you don't see your campus listed, select the folder that begins with "Other").
5. Once you've selected an appropriate folder, simply click the "Apply" button.
6. Select "Create a Login" and then follow instructions to create an account and answer the questionnaire (make note of your password, so you can re-enter your file to make updates).
7. You can then upload a resume and cover letter and school transcripts.
